DETAILED ACTION

Response to Amendment

1. This is in response to the Amendments received on 9/29/04.
2. Claims 1, 3-13, 15-25 are currently pending in this application. Claims 2 and 14 have been canceled. Claim 25 has been newly added.
3. Upon further consideration, a restriction requirement is issued as follows:

Election/Restrictions

4. Claims 1, 3-13, 15-25 contain a plurality of disclosed patentably distinct species of:
 - (a) a multilayer film having two film layers and a barrier layer;
 - (b) a multilayer film having two film layers and a tie or adhesive layer;
 - (c) a release film comprising the multilayer film having two film layer.
5. The election of an ultimate species of the multilayer film is required for search purposes. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species, even though this requirement is traversed.

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

Art Unit: 1711

6. A telephone call was made to Mr. Frederick Dorchak on December 16, 2004 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thao T. Tran whose telephone number is 571-272-1080. The examiner can normally be reached on Monday-Friday, from 8:30 a.m. - 5:00 p.m..
